Hi Hany,
We're almost at the finish line! To wrap up the final setup, I just need your n8n credentials.

What you need to do:
Sign up: Go to app.n8n.cloud (<https://app.n8n.cloud/register>).
Upgrade: Go to Settings > Usage and plan to choose your plan (the Starter plan is perfect) and enter payment details.
Share: Send me the login email and a temporary password so I can connect your system. (You can change the password after!)
Let me know once you have this ready!

Thanks for sending those over!

Could you also share your n8n Workspace Name or the direct link to your dashboard (it usually looks like [your-workspace].app.n8n.cloud)? This will make sure I can jump straight into the right instance.

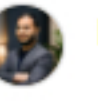

Thanks!
